

BIO 780 INDEPENDENT STUDY I

BIO 790 INDEPENDENT STUDY II

INTERNAL REGULATIONS

The Independent Study (BIO 780/BIO 790) can be assigned only to students that follow a PhD program of our Department and only in exceptional cases also to students of the MSc programs (**experimental**).

Note: MSc students (**experimental**) should have a serious reason in order to be assigned an Independent Study, of which their Academic Consultant should be convinced.

General

Independent Study I - BIO 780, Independent Study II - BIO 790

In order to sign up for the course, students must first obtain the written approval of their academic and research advisors and the supervising faculty.

The printed, completely filled in and with all signatures must be delivered at the Department's Secretariat.

Study's Subject

The students interested in undertaking an Independent Study should contact a member of the Department's academic staff. For the assignment of a specific subject, the approval of the respective academic is needed, and he/she becomes the Supervisor of the Independent Study.

FORMAT

BIO 780 Independent Study I, BIO 790 Independent Study II

Bibliographical in-depth research essay on front-line research topics that are relevant to the content of the postgraduate curriculum. The student is expected to make use of original and review publications in international journals and prepare a written report of 25-30 pages. Two such essays per semester are generally required. In order to sign up for the course, students must first obtain the written approval of their academic and research advisors and the supervising faculty.

The Independent Study contains the following:

- Length of some 25-30 pages.
- Literature of not more than 50 references.
- Font size: 12pt.
- Font: Times New Roman
- Page margins (all): 1 inch.

Grades of BIO 780, BIO 790

The BIO 780/ BIO 790 course receives grade from 0 to 10, by ½ units.
