

AGILE & XP: PUTTING THEORY INTO PRACTISE

Are you curious to see how Software Design principles are practised in a real challenging environment? Do you want to see practical examples of top-level programming and clean code practises?

Join us in this seminar to learn how Agile is practically used by Plath to enable local and remote teams to collaborate effectively.

Friday – 15th March
14:00 – 15:30

**University of Cyprus,
OED01, Venue B224**
