

ANNOUNCEMENT OF TENURE-TRACK FACULTY POSITION

University of Cyprus. Excelling with the excellent.

The University of Cyprus was officially founded in 1989 and started operating in Nicosia, the capital of Cyprus, in 1992. Within a short time, the University of Cyprus managed to achieve international recognition through an impressive course of development. Today, it is ranked 64th young university (under 50 years) and #351-400 worldwide by the Times New Higher Education Rankings.

These great distinctions are the result of our dedication to excellence and continuous development. The University of Cyprus managed to stand out and receive awards for the new paths it has opened up in particularly demanding and dynamic contexts of research.

The University of Cyprus becomes better every year; therefore it wishes to attract the best academic staff.

To this end, the University constantly develops its programs of study and recruits high-caliber faculty who will contribute significantly to the design of new curricula, both at undergraduate and graduate level. One of the strategic aims of the University of Cyprus is the further promotion and development of research, in which new academic staff are expected to play an essential role.

Department of Mechanical and Manufacturing Engineering

The University of Cyprus invites applications for one (1) tenure-track academic position at the rank of **Lecturer** or **Assistant Professor** in the field of «**Manufacturing**». The search committee will consider candidates having the interest and expertise to develop a strong research and teaching programme in this area, including, but not limited to:

- **Additive Manufacturing**
- **Manufacturing of Complex Geometries**
- **Precision Conventional Manufacturing**
- **Near Net Shape Manufacturing**

Candidates are required to hold a Doctorate from a recognized university. A first degree in Mechanical Engineering and/or Manufacturing Engineering from a recognized university is also required.

Candidates are expected to teach core courses of the Mechanical and Manufacturing Engineering curriculum, such as Computer Aided Drafting, Strength of Materials, Manufacturing Processes and Mechanical Engineering Design.

The selected candidate can apply for internal start-up funding to immediately establish his/her research activities. He/she will also be able to purchase major laboratory equipment via the special funding of the School of Engineering.

The Department of Mechanical and Manufacturing Engineering will be relocated to their new, state-of-the-art building facilities, along with the rest of the School of Engineering (projected cost €72 million), at the New University Campus within 2019. Drawings and description of the building can be seen in the link below:
