Senior Associate – Audit & Assurance

- Joined as a trainee and reached the senior associate level
- Qualified for the ACCA and the ICAEW
- Performed audits on various clients, initially as a team member and later as a job controller.
- As a job controller I was responsible for the overall completion of the audit, from the planning to the execution and subsequent completion of the audit, subject to review and approval by the audit manager and partner to whom I reported directly.
- In addition to external audits, I have worked on several internal audit, due diligence and agreed upon procedures engagements.
