

Volleyball

Results from the past 16 years, in both the national as much as in the European and International tournaments and Championships, testify the close relationship between volleyball and the University of Cyprus. Our aim is to build on this tradition. Training and games will be held at the new University of Cyprus Sports Center at the University Campus.

Teams from the entire University of Cyprus community may take part in the Championships.

No athlete who registers to join one team can join another team in the same league, even if their initial team withdraws from the League.

A complete record of the participating teams is announced when all the participating teams are registered.

The way the league is formed, depends on the total amount of participating teams.
