

INTERNAL SQUASH CHAMPIONSHIPS

The University of Cyprus Sports Center announces the Internal Squash Championships for the **Spring Semester 2026**. The championships will be held at the University of Cyprus Sports Center.

The entire University Community is eligible to participate. There will be Men's and Women's Championships, and different brackets will be created for each championship.

All matches will be held during the week of **March 30, 2026, to April 3, 2026**, during the hours announced by the Sports Center.

To be declared the winner, a player must win three (3) games to 11 points, with a minimum difference of two (2) points (e.g., 11-9), otherwise the set continues until one player achieves a two (2) point difference (e.g. 12-10 or 13-11, etc.). The matches will be played without a referee, except for the Semifinals and Finals, which will have a referee. In case of disagreement, the point will be replayed.

The rules of the game as published on the official website of the World Squash Federation (worldsquash.org) will always be followed.

The results of the matches must be reported immediately to the tournament coordinator.

If the matches are not completed by the start date of the next round, the athletes participating in that match will be automatically disqualified and excluded from the tournament, (an exception will be made in cases where two participants agree and submit in writing to the championship coordinator or the Sports Center their decision to qualify one of the two for the next round).

The presentation of University of Cyprus student and staff ID cards before the competitions is mandatory. Athletes who do not present their university ID card will not be allowed to compete.

The Sports Center expects everyone to compete fairly, within the sporting framework and with the demonstration of superior sportsmanship, contributing to the elevation of University of Cyprus athletics.
