

Dear teacher,

We would like to invite you to participate in the **Train-the-Trainer** online course. This course is aimed to address the challenges in teaching online and it is funded by Erasmus+ DigIT project. During this three-module course you will enhance your digital competence through reflection and add digital solutions to your eTeacher toolbox.

Learning objectives:

1. Participants will implement pedagogical and theoretical approaches, technological solutions, and professional values to effectively develop an asynchronous online course.
2. Participants will develop online facilitating skills to align with the DigIT European Union Framework: A Quality Standard to Guide the Design, Delivery and Evaluation of Effective eLearning.

Structure and schedule

The Train-the-Trainer course consists of three modules each expected to take approximately 3 hours to complete. The course is asynchronous so you can proceed inside each module at your own speed and time. The timeline for the course is as follows:

- Module 1 begins on Monday November 15th
- Module 2 begins on Monday November 22nd
- Module 3 begins on Monday November 29th
- The course ends on Sunday December 5th

Research

We are constantly developing the Train-the-Trainer online course based on the feedback we receive from participants. After completing the course, you will be asked to fill a survey and to participate in a voluntary focus group interview. The survey and interview will be anonymous.

Registration

If you wish to participate in the Train-the-Trainer course, please contact the instructors, Dr. Alexandros Yeratziotis (ayerat01@cs.ucy.ac.cy) and Mrs. Evangelia Vanezi (evanez01@cs.ucy.ac.cy).

We are looking forward to seeing you!

Kind regards,
E-Learning Experts and DigIT project partners
