### **Current Research Interests (in detail)**

- The nature and (non-)universality of grammatical categories.
  - The cross-linguistic distribution and feature make-up of functional categories.
  - Adjectives; their categorial status and typology.
  - The morphology-syntax ‘interface’: categorisers and compounds.
  - Mixed projections: gerunds and nominalisations.
  - The nature of Determiners; nominal phrases, pronouns and pronominal clitics.
  - The nature of roots.
  - The grammar of Greek and the Balkan *Sprachbund*.
  - Theoretical issues in language acquisition and change.
- 

### **Invited lectures**
