

Ioannis Ioannou

Work Address:

Department of Civil & Environmental Eng.
University of Cyprus
75 Kallipoleos Av.
P.O. Box 20537
1678 Nicosia

Fax No.: +357 22 895080

Telephone No.: +357 22 892257

Home Address:

5 Herodotou St., Flat 301
Kaimakli
1036 Nicosia

E-mail: ioannis@ucy.ac.cy

Date of Birth: 6 Dec. 1975

Nationality: Cypriot

EDUCATION

- 1999-2002** **Ph.D. Building Engineering**, University of Manchester Institute of Science & Technology (UMIST)
Thesis Title: Studies of water-mediated processes affecting the decay and conservation of masonry materials.
- 1996-1999** **B.Sc. (Hons) Construction Management**, University of Manchester Institute of Science & Technology
Result: First class (overall mark 89.3%).
Final Year Project Title: The weathering and decay of building stones in Cyprus.

ACADEMIC AWARDS & HONORS

- 2000-2002** **The A.G. Leventis Foundation Educational Grant**
Awarded for the advancement of research in the field of decay and conservation of masonry materials.
- 1999-2002** **The Overseas Research Students (ORS) Award & UMIST Graduate Research Scholarship**
Awarded for graduate studies in the Department of Building Engineering at UMIST.
- June 1999** **UMIST Reynolds Prize**
Awarded to the best final-year undergraduate student.
- June 1999** **UMIST McKay Prize**
Awarded for attaining a high standard in Studio Drawing.
- June 1999** **The Chartered Institute of Building (CIOB), Manchester Branch, Building Engineering Prize**
Awarded for producing the best undergraduate final-year project.
- June 1999** **Building Magazine Prize**
Awarded for achieving the best all-round performance over the 3 years of undergraduate studies in UMIST.
- 1996-1999** **UMIST Construction Management Course Prize**
Awarded annually to the best student of the Construction Management Course.
- 1996-1999** **Commonwealth Scholarship**
Awarded by the Commonwealth Scholarship Commission in the UK for undergraduate studies at UMIST.

RESEARCH & TEACHING INTERESTS

Research interests focus on the physico-mechanical characterization of construction materials (e.g. stone, mortars, adobes, aggregates etc.) and the study of capillary liquid movement in porous media. Special interests in water-mediated decay mechanisms (e.g. salt crystallization) in traditional materials and associated material durability performance, weathering and conservation of ancient monuments and historic buildings (including energy/structural upgrading of 20th century concrete heritage buildings). Also interested in sustainable, environmentally-friendly and energy-efficient composites (e.g. nano-modified and PCM-enhanced lime plasters) based on traditional material production technology.

Teaching interests include Civil Engineering Materials Technology and Experimental Methods, Local and Traditional Building Materials, Conservation of Monuments and Historic Structures, Liquid Transport in Porous Media and related Building Materials Durability Problems, Land Surveying and Petrophysics.

CAREER HISTORY

- 2021-Present** **Professor**, Department of Civil & Environmental Engineering (CEE), University of Cyprus (UCY)
- 2015-2021** **Associate Professor**, Department of Civil & Environmental Engineering (CEE), University of Cyprus (UCY)
- 2009-2015** **Assistant Professor**, Department of Civil & Environmental Engineering (CEE), University of Cyprus (UCY)
- 2005-2009** **Lecturer**, Department of Civil & Environmental Engineering (CEE), University of Cyprus (UCY)
- 2003-2005** **Visiting Lecturer**, Department of Civil & Environmental Engineering (CEE), University of Cyprus (UCY)
- 2002-2003** **Research Assistant**, Centre for Materials Science & Engineering, University of Edinburgh

PART I: RESEARCH ACTIVITIES

1. FUNDED PROJECTS (*Principal or Co-Principal Investigator and/or Coordinator*)

- 2023-2026** **Development of an eco-friendly building material using local raw materials**
Funding Agency: Cyprus Research and Innovation Foundation (€149,944.00)
Role: Principal Investigator (UCY Budget: €36,300.00)
Collaborators: Gigantas Antaios Touvlopiio Ltd.
- 2022-2024** **Development of open-access database with the characteristics of the materials of monuments and traditional structures of Cyprus**
Funding Agency: ETEK (€19,998.00)
Role: Project Coordinator and Principal Investigator (UCY Budget: €19,998.00)
- 2019-2022** **Conservation of 20th century concrete cultural heritage in urban changing environments**
Funding Agency: Joint Programming Initiative in Cultural Heritage and Global Change (€828,202.00)
Role: Principal Investigator (UCY Budget: €174,960.00)
Collaborators: ITAM CAS, Czech Republic; TUD, The Netherlands; UNIGE, Italy; ISNAS, Belarus.
- 2019-2021** **Development of an environmentally friendly earth masonry system using locally sourced raw materials**
Funding Agency: Cyprus Research Promotion Foundation (€199,978.00)
Role: Principal Investigator (UCY Budget: €96,000.00)
Collaborators: Gigantas Antaios Touvlopiio Ltd, Between the Lines Trading and Services Ltd, Cyprus.
- 2019-2021** **Development of an environmentally friendly masonry system using locally produced Compressed Earth Blocks**
Funding Agency: University of Cyprus (€51,000.00)
Role: Project Coordinator and Principal Investigator (UCY Budget: €51,000.00)
Collaborators: Gigantas Antaios Touvlopiio Ltd, Cyprus.
- 2018-2022** **Novel integrated approach for seismic and energy upgrading of existing buildings**
Funding Agency: Cyprus Research Promotion Foundation (€996,349.10)
Role: Principal Investigator (UCY Budget: €192,768.00)
Collaborators: Cyprus University of Technology, Frederick Research Centre, Tsircon Co. Ltd, Geoinvest Ltd., T.C. Geomatic Ltd., Limassol Municipality, Ministry of Interior, Ministry of Energy, Commerce, Industry & Tourism, Scientific & Technical Chamber of Cyprus, Cyprus; University of Patras, Greece.
- 2017-2019** **Energy efficient nano-modified renders with CO₂-storage potential**
Funding Agency: M-era.Net Network (€319,960.00)
Role: Project Coordinator and Principal Investigator (UCY Budget: €152,920.00)
Collaborators: Budapest University of Technology and Economics, Hungary; Tsircon Co. Ltd, Cyprus.
- 2014-2016** **PCM-enhanced plaster for upgrading the energy efficiency of contemporary and historic buildings**
Funding Agency: M-era.Net Network (€174,840.00)
Role: Project Coordinator and Principal Investigator (UCY Budget: €67,440.00)
Collaborators: Frederick Research Centre, Cyprus; Termokir, Israel.
- 2012-2014** **Fine aggregate properties and their effect on cementitious composite materials**
Funding Agency: Ministry of Interior, Cyprus (€52,192.58)
Role: Principal Investigator (UCY Budget: €52,192.58)
Collaborators: Geological Survey and Public Works Departments, Cyprus
- 2011-2013** **Design and Development of a permeability measurement system for low porosity building materials**
Funding Agency: Cyprus Research Promotion Foundation (€145,700.40)
Role: Principal Investigator (UCY Budget: €18,840.00)
Collaborators: CNE Technology Ltd, Frederick Research Centre, Cyprus
- 2011-2013** **Mix design, production and adoption of optimized adobes as alternative, environmentally-friendly, building materials for contemporary and vernacular architecture**
Funding Agency: Cyprus Research Promotion Foundation (€149,852.00)
Role: Principal Investigator (UCY Budget: €90,600.00)
Collaborators: Pygmalion Techniki Ltd, CNE Technology Ltd, Cyprus Scientific & Technical Chamber
- 2010-2012** **Experimental and computational investigation of the structural response of adobe buildings**
Funding Agency: University of Cyprus (€88,400.00)
Role: Co-Principal Investigator [*in collaboration with* D.C. Champis, UCY] (UCY Budget: €88,400.00)
- 2009-2013** **Establishment of research infrastructure for the characterization of monumental building materials**
Funding Agency: Cyprus Research Promotion Foundation (€712,860.00)
Role: Project Coordinator and Principal Investigator (UCY Budget: €712,860.00)
Collaborators: Departments of Antiquities and Town Planning & Housing, ANADOMI Co. Ltd, Cyprus Architectural Heritage Organization

- 2009-2011** **Characterization of building and decorative stones used in Cyprus**
Funding Agency: Cyprus Research Promotion Foundation (€146,958.00)
Role: Principal Investigator (UCY Budget: €90,340.00)
Collaborators: Mosaic & Marble Manufacturers Association, Geological Survey Department, Cyprus; Institute of Geology & Mineral Exploration, Greece.
- 2006-2009** **A study of the weathering of aggregates aiming at the improvement of the durability of concrete**
Funding Agency: Cyprus Research Promotion Foundation (€156,764.18)
Role: Co-Principal Investigator [*in collaboration with* M.F. Petrou, UCY] (UCY Budget: €62,876.53)
Collaborators: Federation of the Building Contractors Association, Geological Survey and Public Works Departments, KAOS Co. Ltd, Mosphiloti Quarries Ltd., Cyprus
- 2006-2008** **Non-destructive equipment for the physico-mechanical characterization of building materials**
Funding Agency: University of Cyprus (Start-Up Funding Scheme) (€85,430.07)
Role: Principal Investigator (UCY Budget: €85,430.07)
- 2006-2008** **Moisture diffusion in natural building stones and rocks**
Funding Agency: General Secretariat for Research & Technology, Greece (€11,740.00)
Role (UCY): Principal Investigator (UCY Budget: €nil)
Project Coordinator: National Technical University of Athens, Greece
Collaborators: Committee for the Preservation of the Epidaurus Monuments, Greece; Politecnico di Milano, Italy.
- 2004-2007** **Reproduction of hydraulic lime mortars based on the production technology of ancient composites**
Funding Agency: Cyprus Research Promotion Foundation (€85,415.00)
Role: Project Coordinator and Co-PI [*in collaboration with* M. Philokyprou, UCY] (UCY Budget: €28,192.03)
Collaborators: Department of Town Planning & Housing, ANADOMI Co. Ltd, PELETICO Co. Ltd, Cyprus; National Centre for Scientific Research “Demokritos”, Greece.

Have also been involved as a collaborator in a number of other research projects funded by national and European (e.g. URBAN-NET, INTERREG) funding agencies. These projects focused mainly on traditional (e.g. natural stone) and advanced building materials (e.g. self-compacting concrete), energy efficiency in the built environment and sustainable building practices.

2. EDITED BOOKS

1. PHILOKYPROU, M., **IOANNOU, I.**, PAPANAVVAS, G., MYRIANTHEFS, D., NICOLAOU, D., PETROU, M. 2023. *The watermill of Vartalis: A case-study in the framework of the interdepartmental program “Conservation and Restoration of Historic Buildings and Sites”*. University of Cyprus: Nicosia [*in Greek*].
2. PHILOKYPROU, M., **IOANNOU, I.**, PAPANAVVAS, G. 2019. *The Medieval Manor of Potamia: A case-study in the framework of the interdepartmental program “Conservation and Restoration of Historic Buildings and Sites”*. University of Cyprus: Nicosia [*in Greek – also published in English in 2020*].

3. EDITED CONFERENCE PROCEEDINGS

1. RÖRIG-DALGAARD, I., **IOANNOU, I.**, 2016. *RILEM Proceedings PRO 110: Historical Masonry*. RILEM Publications S.a.r.l.: Bagneux.
2. **IOANNOU, I.**, THEODORIDOU, M., 2011. *Salt Weathering on Buildings and Stone Sculptures*. Ledra and Building Materials Laboratories: Nicosia.
3. BREBBIA, C.A., NEOPHYTOU, M., BERIATOS, E., **IOANNOU, I.**, KUNGOLOS, A.G., 2009. *Sustainable Development and Planning IV – Volume 1*. WIT Press: Southampton.
4. BREBBIA, C.A., NEOPHYTOU, M., BERIATOS, E., **IOANNOU, I.**, KUNGOLOS, A.G., 2009. *Sustainable Development and Planning IV – Volume 2*. WIT Press: Southampton.

4. CHAPTERS IN BOOKS

1. ABHILASH, H.N., HAMARD, E., BECKETT, C.T.S., MOREL, J-C., VARUM, H., SILVEIRA, D., **IOANNOU, I.**, ILLAMPAS, R., 2022. Mechanical behaviour of earth building materials. *In: A. FABBRI, J-C. MOREL, J-E. AUBERT, Q-B BUI, D. GALLIPOLI, B.V. VENKATARAMA REDDY (eds.) Testing and Characterisation of Earth-based Building Materials and Elements. State-of-the-Art Report of the RILEM TC 274-TCE*. Springer Nature Switzerland AG: Switzerland, pp. 127-180.
2. SILVEIRA, D., OLIVEIRA, C., VARUM, H., **IOANNOU, I.**, MICCOLI, L., TARQUE, N., PARISI, F., FENU, L., SOLÍS, M., RODRÍGUEZ-MARISCAL, J.D., 2021. Mechanical characterization of adobe bricks. *In: H. VARUM, F. PARISI, N. TARQUE, D. SILVEIRA (eds.) Structural Characterization and Seismic Retrofitting of Adobe Constructions. Experimental and Numerical Developments*. Building Pathology and Rehabilitation **20**, pp. 35-54. Springer International Publishing AG: Switzerland.

3. **IOANNOU, I.**, 2019. Deterioration of stone and petroglyphs. In: S.L. LÓPEZ VARELA (ed.) *The Encyclopedia of Archaeological Sciences*. John Wiley & Sons: New Jersey [available online at <https://doi.org/10.1002/9781119188230.saseas0178>] [invited].
4. **IOANNOU, I.**, ILLAMPAS, R., 2019. Durability and degradation mechanisms of bare and strengthened masonry - Earth masonry. In: B. GHIASSI, P.B. LOURENÇO (eds.) *Long-term performance and durability of masonry structures – Degradation mechanisms, Health monitoring and Service life design*. Woodhead Publishing: United Kingdom, pp. 89-127 [invited].
5. GHANDEHARI, M., VIMER, C.S., **IOANNOU, I.**, SIDELEV, A., SPELLANE, P., 2018. In-situ analysis of moisture in cement based materials. In: M. GHANDEHARI *Optical Phenomenology and Applications. Health Monitoring for Infrastructure Materials and the Environment*. Smart Sensors, Measurement and Instrumentation **28**, pp. 97-109. Springer International Publishing AG: Switzerland.

3. **IOANNOU, I.** 2007. Experimental mix design, production and application of repair mortars. *Seminar on Mortars used in Restoration-Conservation of Monuments and Traditional Buildings*, 23 Jun 2007 Nicosia, Cyprus [abstract in Greek].
4. **IOANNOU, I.** 2004. Decay and conservation of building stone. *Proceedings of Conference on the Use of Building Stone in Modern Construction Industry*, 27 Nov 2004 Nicosia, Cyprus [full paper in Greek].

9. RESEARCH PROJECTS - PROGRESS REPORTS & DELIVERABLES

Author or co-author of more than 25 interim/final progress reports and numerous multi-page deliverables for funded research projects. All the reports/deliverables have been submitted to the various funding agencies supporting our research work and have been successfully evaluated and approved. Selected publications are listed below.

1. RIGOPOULOS, I., **IOANNOU, I.** 2018. Energy efficient nano-modified renders with CO₂-storage potential. CCSRender Project Interim Report, Department of Civil and Environmental Engineering, University of Cyprus, Nov 2018, 67 p.
2. THEODORIDOU, M., FOKAIDES, P.A., **IOANNOU, I.** 2017. Phase Change Material (PCM) enhanced plaster for upgrading the energy efficiency of contemporary and historic buildings. PCPlaster Project Final Report, Department of Civil and Environmental Engineering, University of Cyprus, Jan 2017, 186 p.
3. THEODORIDOU, M., FOKAIDES, P.A., **IOANNOU, I.** 2015. Phase Change Material (PCM) enhanced plaster for upgrading the energy efficiency of contemporary and historic buildings. PCPlaster Project Interim Report, Department of Civil and Environmental Engineering, University of Cyprus, Oct 2015, 123 p.
4. THEODORIDOU, M., **IOANNOU, I.** 2013. *Establishment of research infrastructure for the characterization of monumental building materials*. YPODOMI Project Final Report, Department of Civil and Environmental Engineering, University of Cyprus, Dec 2013, 365 p. [in Greek].
5. **IOANNOU, I.**, COSTI de CASTRILLO, M. 2013. *Mix design, production and adoption of optimized adobes as alternative, environmentally-friendly, building materials for contemporary and vernacular architecture*. AdobeCY Project Final Report, Department of Civil and Environmental Engineering, University of Cyprus, Aug 2013, 381 p. [in Greek].
6. FOURNARI, R., **IOANNOU, I.** 2013. *Characteristics of fine aggregates from Cyprus*. CyFINES Project Interim Report, Department of Civil and Environmental Engineering, University of Cyprus, Jun 2013, 62 p. [in Greek].
7. ILLAMPAS, R., **IOANNOU, I.**, CHARMPIS, D.C. 2013. *Experimental and computational investigation of the structural response of adobe buildings*. PLITHARI Project Final Report, Department of Civil and Environmental Engineering, University of Cyprus, Mar 2013, 7 p.
8. **IOANNOU, I.** 2012. *State-of-the-art review of permeability measurement methods*. PERMEABILITY Project Deliverable Nr. 10, Department of Civil and Environmental Engineering, University of Cyprus, Apr 2012, 16 p. [in Greek].
9. **IOANNOU, I.**, COSTI de CASTRILLO, M. 2012. *Mix design, production and adoption of optimized adobes as alternative, environmentally-friendly, building materials for contemporary and vernacular architecture*. AdobeCY Project Interim Report, Department of Civil and Environmental Engineering, University of Cyprus, Mar 2012, 159 p. [in Greek].
10. MODESTOU, S., FOURNARI, R., THEODORIDOU, M., **IOANNOU, I.** 2011. *Characterization of building and decorative stones used in Cyprus*. LITHOS Project Final Report, Department of Civil and Environmental Engineering, University of Cyprus, Nov 2011, 295 p. [in Greek].
11. THEODORIDOU, M., **IOANNOU, I.** 2011. *Establishment of research infrastructure for the characterization of monumental building materials*. YPODOMI Project Interim Report, Department of Civil and Environmental Engineering, University of Cyprus, Feb 2011, 195 p. [in Greek].
12. FOURNARI, R., **IOANNOU, I.**, PETROU, M.F. 2009. *A study of the weathering of aggregates aiming at the improvement of the durability of concrete*. ADRANI Project Final Report, Department of Civil and Environmental Engineering, University of Cyprus, Jun. 2009, 85 p. [in Greek].

10. OTHER PUBLICATIONS

Author or co-author of more than 50 articles focusing on the dissemination of research results and other academic-related activities (e.g. seminars, student competitions etc.). All the articles have been published in local daily newspapers, UCY newsletters, Professional Association Magazines and Annual Governmental Reports. Selected publications are listed below.

1. THEODORIDOU, M., **IOANNOU, I.**, CHARALAMBOUS, E., FIOURI, E. 2017. Characterization of Early Christian gypsum mortars from Cyprus. In: *Report of the Department of Antiquities, Cyprus 2011-2012*. Department of Antiquities: Cyprus, pp. 811-820.
2. **IOANNOU, I.**, THEODORIDOU, M. 2012. LEDRA Lab for the characterization of traditional building materials. *Ergoliptis*, **10**, p. 51 [in Greek].
3. KANELLOPOULOS, A., PETROU, M.F., **IOANNOU, I.** 2010. Durability indicators of SCC: Towards performance-based specifications for the durability of SCC. *BFT International*, **76**, pp. 22-27 [paper also published in the German and Portuguese/Spanish editions of the journal].

4. **IOANNOU, I.**, PETROU, M., FOURNARI, R., HADJIGEORGIOU, C., VRAHIMIS, S., CONSTANTINOY, G., KELEPESHIS, N. 2010. Soundness tests for aggregates: past, present and future”, *Ergoliptis*, **4**, pp. 30-36 [*in Greek*].
5. PETROU, M., **IOANNOU, I.** 2009. Concrete strength/durability in the 20th century. Lessons for the future. *Ergoliptis*, **1**, pp. 24-26 [*in Greek*].
6. **IOANNOU, I.** 2008. Sustainable construction competition. *Architects and Engineers*, **79**, pp. 57-58 [*in Greek*].
7. **IOANNOU, I.**, PETROU, M. 2008. Research activities in the Laboratory of Building Materials at the University of Cyprus. *Architects and Engineers*, **78**, pp. 65-67 [*in Greek*].
8. **IOANNOU, I.** 2005. Decay and conservation of building stone. *Ornamental Stone from Greece*, **25**, pp. 58-64 [*in Greek*].

PART II: TEACHING & EDUCATIONAL ACTIVITIES

1. TEACHING EXPERIENCE

- Spring 21-22** **CEE 534 Physical Properties and Related Construction Material Durability Problems** [Graduate Course]
Spring 18-19 Previous course title: Liquid Transport Phenomena in Porous Media.
Fall 2016 Lecturer. Responsible for developing syllabus and overall course structure and for marking coursework/final exam.
Spring 2015 Prepared educational material in the form of PowerPoint presentations (Nr. 12) and laboratory notes.
Spring 2013
Fall 2009-11
Fall 2007
- Spring 05-19** **CEE 113 Land Surveying** [Year 1]
Spring 21-22 Lecturer. Solely responsible for developing syllabus and overall course structure and for marking field exercises and exams. Prepared educational material in the form of lecture notes (pp. 80), PowerPoint presentations (Nr. 19) and field exercises (Nr. 5).
- Fall 2017-23** **CEE 533 Local and Traditional Building Materials** [Graduate Course]
Fall 2013-15 Lecturer. Responsible for developing syllabus and overall course structure and for marking coursework/final exam. Prepared educational material in the form of PowerPoint presentations (Nr. 12) and laboratory notes.
- Fall 2018-22** **CEE 432 Masonry Materials** [Undergraduate Constraint Elective Course]
Fall 2013-15 Lecturer. Solely responsible for developing syllabus and overall course structure and for marking coursework and exams.
Fall 2010-11 Prepared educational material in the form of PowerPoint presentations (Nr. 16).
Spring 2010
- August 12-13** **ERASMUS IP Summer School: Reconfiguring Values and Knowledge for Sustainable Communities**
Faculty Member. Involved in lectures, workshops and other educational activities. The Summer School took place in Agros, Cyprus and involved students from UCY, Mykolas Romeris University (Lithuania) and Queen's University, Belfast (N. Ireland)
- Spring 11-12** **CEE 233 Building Materials Laboratory** [Year 2]
Lecturer. Responsible for organizing and coordinating course and for preparing educational material in the form of lab sheets and notes.
- Fall 2005-09** **CEE 100 Introduction to Civil Engineering** [Year 1]
Lecturer. Responsible for developing and reorganizing syllabus and overall course structure and for marking coursework and final exam papers. Prepared educational material in the form of PowerPoint presentations (Nr. 19), laboratory and other exercises (Nr. 8) and supporting notes and handouts.
- Fall 2005-08** **CEE 232 Strength of Materials Laboratory** [Year 2]
Lecturer. Responsible for organizing and coordinating course and for preparing [*in collaboration with* L. Petrou (UCY) and E. Psimolophitis (CNE Technology Ltd)] a 39-page laboratory booklet containing 8 exercises and relevant background theory. Booklet also adopted by students attending Strength of Materials Lab Classes in the Department of Mechanical & Manufacturing Engineering.
- Spring 05-09** **CEE 253 Experimental Soil Mechanics** [Year 2]
Lecturer. Responsible for organizing and coordinating course, for developing 10 lab exercises and for preparing educational material in the form of lab sheets and notes.
- Fall 2006** **CEE 234 Construction Materials** [Year 2]
Lecturer. Responsible for developing syllabus and overall course structure and for marking coursework and exams. Prepared educational material in the form of PowerPoint presentations (Nr. 25).
- Fall 2004** **CEE 204 Land Surveying** [Year 2]
Lecturer (see CEE 113 Land Surveying for responsibilities).
- Spring 2004** **CEE 102 Introduction to Engineering Mechanics – Statics (Seminar)** [Year 1]
Visiting Lecturer. Responsible for running weekly tutorial sessions and for marking coursework assignments, mid-term and final exam papers.
- Fall 2003-04** **CEE 100 Introduction to Civil Engineering (Laboratory)** [Year 1]
Visiting Lecturer. Responsible for organizing, coordinating and running the class.
- 1999-2002** **Manchester Centre for Civil and Construction Engineering, UMIST (Lab/Tutorial Classes & Field Exercises)** [Years 1-2]
Student Demonstrator. Responsible for instructing, advising and supervising groups of undergraduate students attending courses in Construction Materials and Building Services Engineering during the execution of laboratory exercises. Actively involved, together with academic staff members, in the assessment of student work and in the analysis of experimental results. Also responsible for instructing and advising undergraduate students attending Structural Principles and Statistics tutorial classes. Involved in weekly Land Surveying field exercises.

2. SUPERVISION OF POST-DOC RESEARCHERS

- 2024-Present** **E. Symeou (Ph.D. Advanced Materials and Nanotechnology, University of Cyprus, 2016)**
Employed (part-time). Primarily responsible for the day-to-day running of Ledra Lab.
- 2019-Present** **A. Georgiou (Ph.D. Civil Engineering, University of Cyprus, 2017)**
Employed (part-time) on a JPI-CH funded project for the conservation of 20th century concrete cultural heritage in urban changing environments.
- 2019-2021** **R. Fournari (Ph.D. Environmental Engineering, University of Cyprus, 2017)**
Currently working (part-time) on the effect of aggregates on lime-based mortars.
- 2019-2021** **M. Kyriakides (Ph.D. Civil and Environmental Engineering, Stanford University, 2011)**
Employed (part-time) on a funded project aiming at the development of an environmentally friendly masonry system using locally produced Compressed Earth Blocks.
- 2017-Present** **I. Rigopoulos (Ph.D. Geology, University of Patras, 2009)**
Currently working (part-time) on a funded project aiming at the development of energy efficient composites.
- 2017-2020** **N. Chousidis (Ph.D. Chemical Engineering, National Technical University of Athens, 2015)**
Primarily responsible for the day-to-day running of Ledra Lab. Also involved in consultancy projects undertaken by Building Materials and Ledra Labs. Working part-time on the exploitation of industrial by-products for the production of sustainable building materials.
- 2015-2021** **R. Illampas (Ph.D. Civil Engineering, University of Cyprus, 2013)**
Employed on several funded research and consultancy projects undertaken by Building Materials and Ledra Labs of UCY. Currently working (full-time) on the development of novel systems for the seismic and energy upgrading of existing traditional and contemporary buildings.
- 2010-2017** **M. Theodoridou (Ph.D. Science for Conservation, University of Bologna, 2009)**
Currently a Marie Skłodowska-Curie Research Fellow at Cardiff University. Will join the Hub for Biotechnology in the Built Environment at Newcastle University in Jan 2020.

3. Ph.D. STUDENT ADVISING & CO-ADVISING

- 2024-Present** **Hassan Jaaber (Ph.D. Civil Engineering)** [expected Jun 2029]
Geopolymerization and geopolymer concrete for underground storage applications
- 2021-Present** **M. Kalofonou (Ph.D. Archaeology)** [co-advising with V. Kassianidou, University of Cyprus] [expected Jun 2025]
Sampling, characterisation and reproduction of historic plasters from Cyprus with special emphasis on hydraulic lime plasters.
- 2021-Present** **R. Panagiotou (Ph.D. Civil Engineering)** [expected Jun 2025]
Durability of CEBs against water-mediated weathering.
- 2015-2023** **L. Kyriakou (Ph.D. Civil Engineering)**
Optimized lime-based renders for use in vernacular and contemporary architecture.
- 2014** **N. Chousidis (Ph.D. Chemical Engineering)** [visiting from NTUA on a 5-month scholarship] [graduated 2015]
Effect of industrial by-product mineral additives on the corrosion of concrete reinforcement.
- 2011-2022** **M. Costi de Castrillo (Ph.D. Architecture)** [co-advising with M. Philokyrou, University of Cyprus]
Adobe bricks from built heritage to contemporary sustainable architecture. Experimental investigation and proposals for site- and use-specific applications.
- 2010-2017** **R. Fournari (Ph.D. Environmental Engineering)**
Physico-mechanical properties of fine aggregates and their effect on the properties of mortars and concretes [in Greek].
- 2008-2013** **R. Illampas (Ph.D. Civil Engineering)** [co-advising with D. Charmpis, University of Cyprus]
Experimental and computational investigation of the structural response of adobe structures.

4. M.Sc. STUDENT ADVISING & CO-ADVISING

- 2022-2024** **I. Gamvrili (M.Sc. Civil Engineering – Earthquake Engineering)** [co-advising with A. Georgiou & D. Loukidis, UCY]
Calibration of models to assess the seismic vulnerability of historic buildings using the TROMINO [in Greek].
- 2022** **E. Nicolaou (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)**
The Church of St. George in Aglantzia: Pathology and proposals for its restoration [in Greek].
- 2021-2024** **I. Konstantinou (M.Sc. Civil Engineering – Structural Analysis)** [co-advising with A. Georgiou, UCY]
Confinement of historic concrete using SHFRCC [in Greek].
- 2021-2022** **I. Panteli (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)**
Characterisation of historic mortars from the water mills of Malounta, Ag. Ioannis Malounta and Klirou [in Greek].

- 2020-2024 M. Theodoulides (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)** [co-advising with A. Georgiou, UCY]
Engineered Cementitious Composites for the conservation of 20th century concrete architectural heritage.
- 2020-2023 A. Papakonstantinou (M.Sc. Civil Engineering – Earthquake Engineering and Structural Analysis)** [co-advising with A. Georgiou, UCY]
Seismic assessment and retrofit design of a multi-storey heritage reinforced concrete building with tapered columns and lap-splice failures.
- 2020-2023 S. Hadjipanteli (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)**
Mortars and plasters from the archaeological site of ancient Idalion [in Greek].
- 2019-2021 E. Varnava (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)**
Structural assessment of the Church of the Holy Cross of Missiricou (Arablar Mosque) [in Greek].
- 2019-2021 M. Georgiou (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)** [co-advising with A. Georgiou, UCY]
Structural assessment of 20th century concrete architectural heritage: the case study of Pedieos Post Office [in Greek].
- 2019-2020 R. Panagiotou (M.Sc. Civil Engineering – Novel and Traditional Building Materials)**
Production and characterization of CEBs [in Greek].
- 2019-2020 M. Kounnapi (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)**
Graffiti removal from historic stone monuments [in Greek].
- 2019 K. Gavalis (M.Sc. Conservation and Restoration of Historic Buildings and Complexes)**
Study of the physico-mechanical properties of air lime mortars with different binder/aggregate ratio – Selection of compatible restoration mortar for the Potamia Medieval Manor [in Greek].
- 2017-2019 P. Lantou (M.Sc. Energy Technologies and Sustainable Design)** [co-advising with M. Philokyprou, UCY]
Investigation of the suitability of local soils for use in rammed earth construction [in Greek].
- 2017-2018 F. Efthymiou (M.Sc. Environmental Engineering)**
Towards a new standardized salt crystallization test.
- 2016-2018 Anna Solomou (M.Sc. Civil Engineering – Novel and Traditional Building Materials)** [co-advising with E. Sarris, University of Nicosia]
Experimental and computational investigation of capillary liquid transport phenomena in porous materials [in Greek].
- 2016-2017 V. G. Loizou (M.Sc. Civil Engineering – Novel and Traditional Building Materials)**
Determination of the mechanical properties of mud-bricks with different amounts of fibre [in Greek].
- 2013-2014 L. Kyriakou (M.Sc. Civil Engineering)**
Optimisation of lime-based mortars using nano-additives [in Greek].
- 2013-2014 C. Charalambous (M.Sc. Environmental Engineering)**
Exploitation of the natural water-repellency of limestone for the protection of stone facades.
- 2012-2013 M. Eftychiou (M.Sc. Civil Engineering)**
Optimisation of traditional mud bricks [in Greek].
- 2011-2016 E. Charalambous (M.Sc. Civil Engineering)**
Reproduction of crushed brick-lime mortars and optimisation using nano-additives.
- 2010-2012 S. Modestou (M.Sc. Environmental Engineering)**
Salt weathering in natural stone and micro-destructive mapping of the crystallization front.
- 2008-2010 G. Kambourakis (M.Sc. Civil Engineering)**
Experimental investigation of salt crystallisation in natural building and decorative stones [in Greek].
- 2007-2009 R. Fournari (M.Sc. Environmental Engineering)** [co-advising with M.F. Petrou, University of Cyprus]
A study of the physico-mechanical properties of crushed aggregates from Cyprus [in Greek].
- 2007-2009 A. Ilia (M.Sc. Civil Engineering)**
Mix design and physico-mechanical characterization of crushed brick-lime mortars for restoration and conservation purposes [in Greek].

5. M.Eng. STUDENT ADVISING & CO-ADVISING

- 2021-2022 C. Karapedis (M.Eng. Civil Engineering – Geotechnical Engineering)**
The role of clay minerals in the unconfined compressive strength loss of saturated rocks.
- 2020 V. Michael (M.Eng. Civil Engineering – Novel and Traditional Building Materials)**
Measurement of mechanical properties in historic mortars [in Greek].
- 2020 I. Pasiouli (M.Eng. Civil Engineering – Novel and Traditional Building Materials)**
Salt crystallization in lime mortars [in Greek].

2018-2019	G. Papadopoulos (M.Eng. Civil Engineering – Novel and Traditional Building Materials) Self-healing of mortars [<i>in Greek</i>].
2014-2017	M. Konstantinou (M.Eng. Civil Engineering) Correlations of the physico-mechanical properties of natural building stones [<i>in Greek</i>].
2014-2016	A. Alexandrou (M.Eng. Energy Technologies and Sustainable Design) Study of the thermophysical properties of natural stone [<i>in Greek</i>].
2014-2015	Zaopoda Zacharias (M.Eng. Environmental Engineering) Experimental study of the use of commercial PCMs in lime mortars [<i>in Greek</i>].
2013-2015	K. Palesi (M.Eng. Energy Technologies and Sustainable Design) The use of PCMs in the construction industry.
2012	S. Charalambous (M.Eng. Civil Engineering) Clay brick and limestone capillary pore pressure measurements [<i>in Greek</i>].
2011-2012	M. Lofa (M.Eng. Civil Engineering) Mix design and physicomachanical characterization of repair gypsum mortars [<i>in Greek</i>].
2011	C. Kaskiri (M.Eng. Environmental Engineering) A literature review of the effect of elevated temperatures on natural limestone [<i>in Greek</i>].
2011	M. Karakostas (M.Eng. Civil Engineering) Reproduction of traditional mud bricks using various binders [<i>in Greek</i>].
2010-2011	G. Chrysostomou (M.Eng. Civil Engineering) Investigation of the effect of stone geometry on liquid transport properties [<i>in Greek</i>].
2010	K. Kapris (M.Eng. Civil Engineering) Gypsum mortars: literature review [<i>in Greek</i>].
2007-2009	D. Christou (M.Eng. Civil Engineering) A study of the influence of clay ceramic firing temperature on the physico-mechanical properties of cocciopesto mortars [<i>in Greek</i>].
2007-2009	X. Constantinides (M.Eng. Civil Engineering) [<i>co-advising with M.F. Petrou, University of Cyprus</i>] Experimental investigation of the use of super-absorbent polymers in mortars and concretes [<i>in Greek</i>].

6. B.Sc. STUDENT CO-ADVISING

2020	N. Paou (B.Sc. Mechanical and Manufacturing Engineering) [<i>co-advising with T. Krasia-Christoforou, University of Cyprus</i>] Addition of natural hydrogels in hydraulic lime mortars [<i>in Greek</i>]
2017-2018	M. Zymaride & O. Charalambous (B.Sc. Mechanical and Manufacturing Engineering) [<i>co-advising with T. Krasia-Christoforou, University of Cyprus</i>] Cellulose Acetate fibers reinforcing construction materials
2016-2017	A. Christophi & C. Christou (B.Sc. Mechanical and Manufacturing Engineering) [<i>co-advising with T. Krasia-Christoforou, University of Cyprus</i>] Polymer fibers in building materials [<i>in Greek</i>] [<i>awarded 3rd prize in Cyprus RPF Competition for University Students in Research ΦΟΙΤΩ 2017</i>].

7. MEMBER OF M.Sc., Ph.D. THESES, QUALIFICATION EXAM & ADVISORY COMMITTEES (*excluding students supervised by myself*)

2024	K. Oikonomopoulou (Ph.D. Proposal Committee) , Department of Civil & Environmental Engineering, UCY.
2024	N. Koulermou (Ph.D. Proposal Committee) , Department of Civil & Environmental Engineering, UCY.
2024	K. Aivaliotis (Ph.D. Qualification Exam) , Department of Civil & Environmental Engineering, UCY.
2023	M. Kalofonou (Ph.D. Qualification Exam) , Archaeological Research Unit, UCY.
2023	N. Markou (Ph.D. Exam Committee [Head]) , Department of Civil & Environmental Engineering, UCY.
2022	K. Oikonomopoulou (Ph.D. Qualification Exam) , Department of Civil & Environmental Engineering, UCY.
2022	N. Antoniou (Ph.D. Exam Committee) , Department of the Built Environment, Building Physics and Services, Technical University of Eindhoven & Department of Civil & Environmental Engineering, UCY.
2022	N. Antoniou (Ph.D. Exam Committee [Head]) , Department of Civil & Environmental Engineering, UCY & Department of the Built Environment, Building Physics and Services, Technical University of Eindhoven.
2021	S. Kotakis (M.Sc. Exam Committee) , Department of Civil & Environmental Engineering, UCY.
2021	N. Markou (Ph.D. Proposal Committee) , Department of Civil & Environmental Engineering, UCY.
2021	C.A. Filippou (Ph.D. Exam Committee) , Department of Civil Engineering and Geomatics, CUT.
2021	A. Kyriakides (Ph.D. Proposal Committee) , Department of Architecture, UCY.
2021-Present	V. Kouvela (Ph.D. Advising Committee) , School of Applied Arts & Culture, University of West Attica.

2021	K. Aivaliotis (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2020	G. Lazarou (Ph.D. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2018	P. Savva (Ph.D. Exam Committee [Head]), Department of Civil & Environmental Engineering, UCY.
2018	E. Malaktou (Ph.D. Proposal Committee), Department of Architecture, UCY.
2018	A. Kyriakides (Ph.D. Qualification Exam), Department of Architecture, UCY.
2018	M. Petrou (Ph.D. Qualification Exam), Department of Civil & Environmental Engineering, UCY.
2018	P. Perikleous (Ph.D. Qualification Exam), Department of Civil & Environmental Engineering, UCY.
2017	N. Koulermou (Ph.D. Qualification Exam), Department of Civil & Environmental Engineering, UCY.
2017	G. Lazarou (Ph.D. Proposal Committee), Department of Civil & Environmental Engineering, UCY.
2017	N. Antoniou (Ph.D. Proposal Committee), Department of Civil & Environmental Engineering, UCY.
2017	M. Amenta (Ph.D. Exam Committee), School of Architecture, Technical University of Crete.
2017	A. Georgiou (Ph.D. Exam Committee [Head]), Department of Civil & Environmental Engineering, UCY.
2016	P. Savva (Ph.D. Proposal Committee), Department of Civil & Environmental Engineering, UCY.
2016	Y. Ioannou (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2016	A. Kyriakides (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2016	D. Demosthenous (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2016	O. Bonnerot (Ph.D. Exam Committee), Archaeological Research Unit, UCY.
2015	M. Ioakim (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2014	C. Nicolaou (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2014	A. Georgiou (Ph.D. Proposal Committee), Department of Civil & Environmental Engineering, UCY.
2014	G. Lazarou (Ph.D. Qualification Exam), Department of Civil & Environmental Engineering, UCY.
2014	P. Pitsillidou (M.Sc. Exam Committee), Department of Mechanical & Manufacturing Engineering, UCY.
2013	P. Savva (Ph.D. Qualification Exam), Department of Civil & Environmental Engineering, UCY.
2012	G. Lazarou (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2012	M. Menikiotou (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2011	P. Savva (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2010	A. Kamenou (Ph.D. Exam Committee [Head]), Department of Civil & Environmental Engineering, UCY.
2010	G. Georgiou (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2009	K. Hadjikleanthous (M.Sc. Exam Committee), Department of Civil & Environmental Engineering, UCY.
2008	S. Patsali (Ph.D. Qualification Exam), Department of Civil & Environmental Engineering, UCY.

8. UNPUBLISHED TEACHING & EDUCATIONAL MATERIAL (*under continuous revision*)

- IOANNOU, I. *Land Surveying Notes and Field Exercises*, 80 p. [in Greek].
- IOANNOU, I., PETROU, L., PSIMOLOPHITIS, E. *Strength of Materials Laboratory Exercises*, 39 p. [in Greek].
- IOANNOU, I., PATSALI, S., PETROU, L. *Soil Mechanics Laboratory Exercises*, 62 p. [in Greek].
- IOANNOU, I. *Building Materials Laboratory Exercises*, 41 p. [in Greek].

9. FUNDED EDUCATIONAL PROPOSALS

2018-2019	Graduate Program in “Conservation and Restoration of Historic Buildings and Complexes” Capstone Project Funding Agency: University of Cyprus (Centre for Teaching and Learning - Teaching Innovations Initiative) (€6,000.00) Role: Project Coordinator [in collaboration with M. Philokyprou, UCY and G. Papasavvas, UCY]
Summer 2005	Improving the skills and competencies of engineering students through placements in Europe Funding Agency: European Commission (Leonardo da Vinci Mobility Project) (€17,040.00) Role: Project Coordinator [in collaboration with D. Fatta-Kassinou, UCY] Collaborators: Balfour Beatty, UK; EPTA Ltd, EPEM Ltd, EDRASIS C. PSALLIDAS S.A., Greece.

PART III: PROFESSIONAL & EDUCATIONAL SERVICE ACTIVITIES

1. REFEREE - INTERNATIONAL PEER REVIEW JOURNALS (*listed in alphabetical order*)

Academia Letter (Academia.edu), Arabian Journal of Geosciences (Springer), Applied Surface Science (Elsevier), Building and Environment (Elsevier), Bulletin of Engineering Geology and the Environment (Springer), Case Studies in Construction Materials (Elsevier), Cement and Concrete Composites (Elsevier), Cement and Concrete Research (Elsevier), Construction and Building Materials (Elsevier), Engineering Geology (Elsevier), Engineering Structures (Elsevier), European Journal of Environmental and Civil Engineering (Taylor & Francis), GSL Special Publications (The Geological Society), Heritage Science (Springer), International Journal of Architectural Heritage (Taylor & Francis), International Journal of Rock Mechanics and Mining Sciences (Elsevier), International Journal of Sustainable Development and Planning (WIT Press), Journal of Archaeological Science: Reports (Elsevier), Journal of Building Physics (SAGE Journals), Journal of Cleaner Production (Elsevier), Journal of Colloid and Interface Science (Elsevier), Journal of Cultural Heritage (Elsevier), Journal of Environmental Monitoring (Royal Society of Chemistry), Materials and Structures (Springer), Polymer International (Wiley), Proceedings of ICE – Construction Materials (ICE Publishing), Rock Mechanics and Rock Engineering (Springer), Studies in Conservation (Taylor & Francis), Textile Research Journal (SAGE Journals), Waste Management (Elsevier).

2. REFEREE - RESEARCH PROPOSALS

- 2019** **French National Research Agency – ANR**
Invited to review proposals submitted to the 2019 generic call under the panel “CE22 - Sociétés urbaines, territoires, constructions et mobilité”
- 2014 & 2016** **Research Foundation Flanders – FWO, Belgium**
Involved in the review and evaluation of applications for Post-Doctoral Fellows.
- 2012** **Swiss National Science Foundation**
Involved in the review and evaluation of a research proposal in the field of construction materials.
- 2012** **ETH Zurich Research Commission**
Involved in the review and evaluation of a research proposal in the field of cultural heritage.
- 2008** **Fonds de la Recherche Scientifique – FNRS, Belgium**
Involved in the review and evaluation of a prospective “Chercheur Qualifié” (Research Associate) proposal.
- 2006** **Austrian Research Promotion Agency Ltd**
Involved in the review and evaluation of a CORNET ERA-NET research proposal.
- 2004** **Cyprus Research Promotion Foundation (RPF), Research Proposals Review Panel**
Involved in the review and evaluation of a research proposal in the field of construction materials.

3. ORGANIZATION OF NATIONAL & INTERNATIONAL EVENTS (*workshops, conferences, seminars, meetings*)

- Apr 2025** **TMM_CH**
Member of the International Steering Committee of the 4th International Conference on Transdisciplinary Multispectral Modelling and Cooperation for the Preservation of Cultural Heritage. The conference took place from 7-9 Apr 2025 in Athens, Greece.
- Oct 2025** **GeoProc 2025**
Member of the Organizing Committee of the 8th International Conference on Coupled THMC Processes: Geomechanics for Energy and Environmental Applications. The conference took place from 20-23 Oct 2025 in Nicosia, Cyprus.
- Mar 2023** **TMM_CH**
Member of the International Steering Committee of the 3rd International Conference on Transdisciplinary Multispectral Modelling and Cooperation for the Preservation of Cultural Heritage. The conference took place from 20-23 Mar 2023 in Athens, Greece.
- Jun 2022** **CONSECH20 Research Project Results**
Seminar for the presentation of the final results of research project P2P/JPICH_HCE/0917/0012. The seminar took place in Nicosia, Cyprus [*co-organization with the Cyprus Association of Civil Engineers*].
- Jul 2021** **Development of an environmentally friendly earth masonry system using locally sourced raw materials**
Tele-conference for the presentation of the final results of research project EarthMasonry (ENTERPRISES/0618/0007) [*co-organization with the Cyprus Association of Civil Engineers*].
- Dec 2021** **TMM_CH**
Member of the International Steering Committee of the 2nd International Conference on Transdisciplinary Multispectral Modelling and Cooperation for the Preservation of Cultural Heritage. The conference took place from 12-15 Dec 2021 in Athens, Greece.
- Dec 2019** **Energy efficient nano-modified renders with CO₂-storage potential**
Seminar for the presentation of the final results of research project KOINA/M-ERA.NET/0316/04. The seminar took place at UCY.

- Nov 2019** **RILEM TC 277-LHS Progress Meeting**
Organizer of a 2-day progress meeting for RILEM TC 277-LHS “Specifications for testing and evaluation of lime-based repair materials for historic structures”. The meeting took place at UCY on 7-8 Nov 2019.
- Oct 2018** **TMM_CH**
Member of the International Steering Committee of the 1st International Conference on Transdisciplinary Multispectral Modelling and Cooperation for the Preservation of Cultural Heritage. The conference took place from 10-13 Oct 2018 in Athens, Greece.
- Oct-Nov 2017** **ILP 2017**
Member of the organizing committee of the 12th Workshop of the International Lithosphere Program Task Force VI Sedimentary Basins. The conference took place from 29 Oct-02 Nov 2017 in Limassol, Cyprus.
- May 2017** **IWBDG 2017**
Member of the organizing committee of the 11th International Workshop on Bifurcation and Degradation in Geomaterials. The conference took place from 21-25 May 2017 in Limassol, Cyprus.
- August 2016** **MSSCE 2016**
Member of the organizing committee of Historical Masonry Conference Segment. The conference took place during the International Event Materials, Systems and Structures in Civil Engineering (MSSCE), organized by DTU Civil Engineering in Aug 21-24, 2016.
- 08 June 2013** **Research Activities of Ledra Lab for the characterization of traditional and monumental materials**
Seminar for the presentation of the final results of research project NEA YPODOMI/NEKYP/0308/17. The seminar took place in Nicosia, Cyprus.
- 20 Apr 2013** **Traditional mud bricks: characterization and optimization for contemporary uses**
Seminar for the presentation of the final results of research project EPIXEIRISEIS/PROION/0609/41. The seminar took place in Nicosia, Cyprus [co-organization with Cyprus Scientific & Technical Chamber, Pygmalion Techniki Ltd and CNE Technology Ltd].
- Oct 2011** **SWBSS 2011**
2nd International Conference on Salt Weathering on Buildings and Stone Sculptures. The conference took place from 19-22 Oct 2011 in Limassol, Cyprus [co-organization with Dr. M. Theodoridou, UCY].
- July 2010** **HSTAM 2010**
Member of the local organizing committee of the 9th HSTAM International Congress on Mechanics. The conference took place from 12-14 July 2010 in Limassol, Cyprus.
- 11 June 2009** **Weathering of aggregates and its effect on the durability of concrete**
Seminar for the presentation of the final results of research project NEPRO/0506/10. The seminar took place in Nicosia, Cyprus [co-organization with Federation of Building Contractors Associations and the Departments of Public Works and Geological Survey, Cyprus].
- May 2009** **Sustainable Development 2009**
4th International Conference on Sustainable Development and Planning. The conference took place between 13-15 May 2009 in Limassol, Cyprus [co-organization with WIT, UK and University of Thessaly, Greece]. Co-organizer (with M. Neophytou) of special session on *Sustainability in the Built Environment*.
- 3 June 2008** **1st Sustainable Construction Competition Prize Award Ceremony**
The ceremony took place in Nicosia, Cyprus [co-organization with M. Vatyliotou, M. Monou and D. Fatta-Kassinou, UCY].
- 23 June 2007** **Mortars used in Restoration-Conservation of Monuments and Traditional Buildings**
Seminar with invited speakers from Cyprus, Greece and France. The seminar took place in Nicosia, Cyprus [co-organization with Departments of Antiquities and Town Planning & Housing, ICOMOS Cyprus, Cyprus Architectural Heritage Organization and The Cyprus Civil Engineers and Architects Association].

4. INVITED PUBLIC PRESENTATIONS

1. **IOANNOU, I.** 2024. Exploitation of mafic rock quarry waste for the production of lime-based renders. *Multidisciplinary Workshop on Climate Change Policy and Research - Center for Climate Change Policy and Research, Arava Institute of Environmental Studies, 25-26 Jun 2024 Nicosia, Cyprus.*
2. **IOANNOU, I.** 2023. Design of compatible restoration composite materials through reverse engineering. *Experimental reproduction of ancient plasters - PlaCe Training Course, 23 May 2023 Prague, Czech Republic* [online].
3. **IOANNOU, I., PAPASAVVAS, G., PHILOKYPROU, M.** 2023. Novel and interdisciplinary approach to the conservation and restoration of historic buildings and sites. *UCY Centre for Teaching and Learning Workshop, 3 May 2023 Nicosia, Cyprus* [in Greek].
4. **IOANNOU, I.** 2023. Use of micro-destructive cutting techniques for the evaluation of the compressive strength of earth bricks. *RILEM TC MAE - WG3 Seminar, 17 Mar 2023 Online.*

5. **IOANNOU, I.** 2022. Mix-design and application of hydraulic grouts for masonry strengthening. *Book Presentation, ETEK, 16 Dec 2022 Nicosia, Cyprus* [in Greek].
6. **IOANNOU, I.** 2021. Traditional building materials and their characteristics. *Energy efficiency and upgrading of traditional buildings, Cyprus Energy Agency, 20 Oct 2021 Nicosia, Cyprus* [in Greek].
7. **IOANNOU, I.** 2021. Natural stones of Cyprus: Test methods and characteristics. *The role of civil engineers in the restoration of traditional buildings and monuments, 8 Oct 2021 Nicosia, Cyprus* [in Greek].
8. **IOANNOU, I.** 2021. Novel materials for the conservation-restoration of monuments and traditional buildings: Mortars with enhanced CO₂ capture and storage potential. *Protection, Conservation and Restoration of Cultural Monuments - Interdepartmental Program of Postgraduate Studies, AUTH, 9 Apr 2021 Online* [in Greek].
9. **IOANNOU, I.** 2017. Adobes in Cyprus since antiquity. *Adobes and adobe structures, 21 Oct 2017 Nicosia, Cyprus.*
10. **IOANNOU, I.** 2017. Micro-destructive monitoring of the salt front in limestone. *Challenges in Conservation and Restoration of Cultural Heritage – Workshop in honour of Miloš Drdáký, 12 May 2017 Prague, Czech Republic.*
11. **IOANNOU, I.** 2015. Adobe bricks and masonry: Looking into the past with a view to the future. *Technological Education Institute of Athens, 30 Oct 2015 Athens, Greece.*
12. **IOANNOU, I.** 2015. Research on adobes at the University of Cyprus. *Geodomo Earth Building Festival 2015, 8 Jul 2015 Nicosia, Cyprus.*
13. **IOANNOU, I.** 2014. The use of crushed brick in the production of mortars: a journey from pre-history to-date. *1ere Biennale Art & Matières, 6 Jun 2014 Albi, France.*
14. **IOANNOU, I.** 2014. Restoring the past...building the future. Use of crushed brick-lime mortars. *Budapest University of Technology and Economics, 7 Apr 2014 Budapest, Hungary.*
15. **IOANNOU, I.** 2011. Evaluation of the structural behaviour of a Franco-Byzantine Basilica after fire attack. *University of Cyprus Fire Safety Seminar, 23 Feb 2011 Nicosia, Cyprus.*
16. **IOANNOU, I.** 2011. Workgroup Nr. 6: Recommendations for aggregates. *CYS-OSEOK Scientific Workshop, 16 Feb 2011 Nicosia, Cyprus* [in Greek].
17. **IOANNOU, I.** 2010. Traditional materials: characterization and reproduction. *GEODOMO, 18 Nov 2010 Nicosia, Cyprus.*
18. **IOANNOU, I.** 2009. SUSCON Project – Ecodesign Matrix Criteria Tool. *Cyprus Telecommunications Authority Infrastructure Support Group, 29 Sep 2009 Nicosia, Cyprus* [in Greek].
19. **IOANNOU, I.** 2009. Use of crushed fired clay ceramics in the production of mortars. *4th International Conference on Sustainable Development and Planning, 14 May 2009 Limassol, Cyprus.*
20. **IOANNOU, I.** 2009. Chemical action in water transport in building materials: an open call for collaborations. *UCY Department of Chemistry Seminars, 6 May 2009 Nicosia, Cyprus.*
21. **IOANNOU, I.** 2008. SUSCON Project. *1st Sustainable Construction Competition – Prize Award Ceremony, 3 Jun 2008 Nicosia, Cyprus* [in Greek].
22. **IOANNOU, I.** 2006. Water-mediated processes affecting the weathering and protection of limestone. *Workshop on the Structural Restoration of Structures of Architectural Heritage – Recommendations of ICOMOS-ISCARSAH, 24 Feb 2006 Nicosia, Cyprus.*
23. **IOANNOU, I.** 2004. Weathering and protection of building stones. *Conference on the Use of Building Stone in Modern Construction Industry, 27 Nov 2004 Nicosia, Cyprus* [in Greek].

5. PARTICIPATION IN INTERNATIONAL ACADEMIC & SCIENTIFIC/TECHNICAL COMMITTEES

2025	CEES 2025 – 3rd International Conference on Construction, Energy, Environment and Sustainability Invited member of the International Scientific Advisory Committee
2025	ICMB25 – 3rd International Conference on Moisture in Buildings Invited member of the Scientific Committee.
2025	HMC 2025 – 7th Historic Mortars Conference Invited member of the Scientific Committee.
2024	Monubasin 2024 – 11th International Symposium on the Conservation of Monuments in the Mediterranean Basin Invited member of the Scientific Committee.
2024	ICEC2024 – 2nd RILEM International Conference on Earthen Construction Invited member of the Scientific Committee.
2023	ICMB23 – 2nd International Conference on Moisture in Buildings Invited member of the Scientific Committee.

- 2023 UNSAT 2023 - 8th International Conference on Unsaturated Soils**
Invited member of the International Technical/Scientific Committee.
- 2023 CEES 2023 – 2nd International Conference on Construction, Energy, Environment and Sustainability**
Invited member of the International Scientific Advisory Committee.
- 2022-Present RILEM TC XXX-BEC**
Active member of RILEM TC “Bio-stabilised earth-based construction: performance-approach for better resilience”.
- 2022-Present RILEM TC XXX-MAE**
Active member of RILEM TC “Mechanical performance and durability assessment of earthen elements and structures”.
- 2022 Lime based materials for repairing historic structures**
Workshop organized by RILEM TC 277-LHS. Member of the Scientific Committee.
- 2022 1st International RILEM Conference on Earthen Construction: Fundamentals and Applications for a Circular Economy**
Member of the Scientific Committee.
- 2022 HMC 2022 – 6th Historic Mortars Conference**
Invited member of the Scientific Committee.
- 2021 CEES 2021 – 1st International Conference on Construction, Energy, Environment and Sustainability**
Invited member of the International Scientific Advisory Committee.
- 2021 ICMB21 - 1st International Conference on Moisture in Buildings**
Invited member of the Scientific Committee.
- 2021 SWBSS 2021 – 5th International Conference on Salt Weathering of Buildings and Stone Sculptures**
Invited member of the Scientific Committee.
- 2019 HSTAM 2019 – 12th International Congress on Mechanics**
Invited member of the Scientific Committee.
- 2019 HMC 2019 – 5th Historic Mortars Conference**
Invited member of the Scientific Committee.
- 2019 RILEM Spring Convention & International Conference on Sustainable Materials, Systems and Structures**
Invited member of the Scientific Committee for “Novel methods for characterization of materials and structures” segment.
- 2018 18th Pan-Hellenic Concrete Conference**
Member of the Scientific Committee.
- 2018 SAHC 2018 - 11th International Conference on Structural Analysis of Historical Constructions**
Invited member of the Scientific (Reviewers Panel) and Program Committees.
- 2017-Present RILEM TC 277-LHS**
Active member of RILEM TC “Specifications for testing and evaluation of lime-based repair materials for historic structures”.
- 2017 Monubasin 2017 – 10th International Symposium on the Conservation of Monuments in the Mediterranean Basin**
Invited member of the Scientific Committee.
- 2017 SWBSS 2017 – 4th International Conference on Salt Weathering of Buildings and Stone Sculptures**
Invited member of the Scientific Committee.
- 2016-2022 RILEM TCs 271-ASC & 274-TCE**
Active member of RILEM TCs 271-ASC “Accelerated laboratory test for the assessment of the durability of materials with respect to salt crystallization” and 274-TCE “Testing and characterisation of earth-based building materials and elements”.
- 2016 & 2017 University of Nicosia – School of Sciences & Engineering**
External member of the Ranking and Promotion Committee for the Civil & Environmental Engineering Program
- 2016 Aristotle University Thessaloniki – School of Civil Engineering**
External member of the Election Committee for the evaluation of M. Stefanidou for promotion to the rank of Assoc. Prof.
- 2015 Conference on Scientific Support in Decision Making for Sustainable and Compatible Cultural Heritage Conservation and Protection Materials and Practices**
Member of the Scientific Committee.
- 2015 BioCultural 2015 – International Conference on Sustainability in Architectural Cultural Heritage**
Member of the Scientific Committee.
- 2014 SWBSS 2014 – 3rd International Conference on Salt Weathering of Buildings and Stone Sculptures**
Member of the Scientific Committee.

6. PARTICIPATION IN NATIONAL COMMITTEES

- 2024-Present** **Cyprus Scientific & Technical Chamber – Architectural Heritage and Monuments Committee**
Committee responsible for providing expert opinion to the Cyprus Scientific & Technical Chamber Board on subjects related to architectural heritage and monuments.
- 2024-Present** **Cyprus Scientific & Technical Chamber – Protection of 20th Century Built Heritage Committee**
Committee responsible for providing expert opinion to the Cyprus Scientific & Technical Chamber Board on subjects related to 20th century reinforced concrete heritage buildings.
- 2024-Present** **CYS TC 18 Eurocodes**
National committee (Cyprus Organization for Standardization) responsible for the implementation of Eurocodes and the approval of relevant National Annexes suggested by individual workgroups.
- 2022-2024** **Cyprus Scientific & Technical Chamber – Working Group for Androlykou Quarry Zones**
Appointed by the Administrative Committee of the Chamber to prepare a report on the consequences from the possible non-expansion of the quarry zones in Androlykou area, Pafos, Cyprus, and to suggest ways for exploiting construction and demolition waste in the framework of circular economy.
- 2022-Present** **Ministry of Education, Sports and Youth**
Scientific Collaborator for the writing of school manual for “Building Materials – Technology and Lab Applications (Exercise Book)”.
- 2020-Present** **The Cyprus Council of Recognition of Higher Education Qualifications - KY.S.A.T.S.**
Independent evaluator for applications in the field of Civil and Environmental Engineering (appointed by the Council).
- 2019-2021** **The Cyprus Architecture, Property & Interior Design Awards**
Invited member of the Evaluation Committee, along with a number of locally established persons from the industry and academia.
- 2016-Present** **Council for Reconstruction and Resettlement**
National committee for the reconstruction and resettlement of occupied areas in the event of a solution to the Cyprus political problem. Actively involved in the Workgroups for Structures & Materials and Cultural Heritage.
- 2016-Present** **CYS MC 01/SC2 and SC7**
National committee (Cyprus Organization for Standardization) responsible for monitoring the activities of CEN TC 246 – Natural Stones, TC 154 – Aggregates, TC 125 – Masonry and TC 51 – Cement and Building Limes.
- 2015-Present** **CYS/MC 13.5 "Conservation of Cultural Heritage"**
National committee (Cyprus Organization for Standardization) responsible for monitoring the activities of CEN TC 346 – Conservation of Cultural Heritage.
- 2014-2016** **Advisory Board for WE-Qualify Project Implementation**
UCY representative in the Advisory Board of WE-Qualify project, which aims to reduce the gap in skills needs between the present day and 2020, by developing a training and/or qualification scheme for blue-collar workers, which will focus on the most critical skills identified in the roadmap.
- 2012-2017**
2021-2023
2024-2026 **Cyprus Scientific & Technical Chamber - Materials (Aggregates, Concrete etc.) Committee**
Committee responsible for providing expert opinion to the Cyprus Scientific & Technical Chamber Board on the production and use of materials (aggregates, concrete etc.) in the local construction industry. Since 2024, I am serving as the coordinator of the committee.
- 2011-2014** **Committee for the Establishment of Minimum Requirements for Private Building Material Labs**
National committee responsible for drafting the minimum requirements for private building material testing laboratories. Under the auspices of the Ministry of Interior.
- 2009** **CYS TC 12 Technical Committee for Armourstone**
National committee (Cyprus Organization for Standardization) responsible for studying the European Standards (CYS EN) for armourstone and suggesting relevant national testing parameters.
- 2007-Present** **Cyprus Platform for Research and Technology in Construction**
National equivalent of the European Construction Technology Platform. Under the auspices of the Cyprus Scientific and Technical Chamber (ETEK). Active member and chair (since Jan 2014) of the Cultural Heritage Workgroup. Member of the Executive Committee (since Mar 2015).
- 2006-Present** **Permanent Committee for Monitoring and Application of EC Construction Products Regulation (CPR)**
National committee established by the Ministry of Interior. Substitute member representing UCY.
- 2005-2021**
2024-2027 **CYS TC 05 Technical Committee for Natural Stone**
National committee (Cyprus Organization for Standardization) responsible for studying the European Standards (CYS EN) for natural stone and suggesting relevant national testing parameters.
- 2004-Present** **CYS TC 02 Technical Committee for Aggregates**
National committee (Cyprus Organization for Standardization) responsible for studying the European Standards (CYS EN) concerning aggregate properties and suggesting relevant national testing parameters.

7. UCY ADMINISTRATIVE EXPERIENCE AND SERVICE

- 2022-Present School of Engineering (UCY) H&S Committee**
Representative of the Department of Civil and Environmental Engineering (and Co-Ordinator of the Committee for the years 2022-2023).
- 2016-Present UCY Graduate Program in “Conservation and Restoration of Historic Buildings and Complexes”**
Solely responsible for establishing this new interdepartmental graduate program, which involves staff and students from the Departments of Civil and Environmental Engineering, Architecture and History and Archaeology. The program was among the first to be accredited by the newly established Cyprus Agency of Quality Assurance and Accreditation in Higher Education (CYQAA). Since admitting its first students in 2017, I am actively involved in the coordination of the program, as member of a 3-person coordination committee.
- 2016 UCY Ad-Hoc Group for Re-engineering the Governance Structure of the University**
Member of the Implementation Team (2 academic members).
- 2015-2019 UCY Council Committee on Safety**
Representative of the Department of Civil and Environmental Engineering.
- 2015-2017 UCY Senate**
Elected representative of the School of Engineering.
- 2022-2024 School of Engineering (UCY) Council**
2015-2017 Elected (2011-2013 & 2022-2024) and ex-officio (2015-2017) representative of the Department of Civil & Environmental
2011-2013 Engineering.
- 2015-2017 Department of Civil and Environmental Engineering (UCY) Head**
Elected Head of the Department. Responsible for overseeing the implementation of strategic policies and work towards the advancement of the Department, and for assessing the performance of administrative staff. Also responsible for setting and managing the department budgets and expenditures.
- 2014-2015 Nanotechnology Research Unit (UCY) Academic Board**
Member following a suggestion by the School of Engineering Council and its approval by UCY Senate.
- 2011-2013 Department of Civil and Environmental Engineering (UCY) Graduate Studies Committee**
Member. Involved in the admission of graduate students, the upgrading of graduate study programs and the coordination of Ph.D. Qualification Exams and other related activities.
- 2006 UCY Ad-Hoc Committee for Laboratory Equipment**
Representative of the Department of Civil and Environmental Engineering and of the Program of Architecture in this ad-hoc committee which was responsible for allocating the annual budgets for laboratory equipment, consumables and service and maintenance. Duties included the preparation and presentation of spreadsheets with annual expenses and needs.
- 2004-2006 Department of Civil and Environmental Engineering (UCY) Undergraduate Studies Committee**
Member. Participated in the design and restructuring of the academic program in Civil and Environmental Engineering. Contributed to the design of departmental brochures. Involved in Open Day presentations and events.
- 2003-Present School of Engineering (UCY) Buildings Committee**
Representative of the Department of Civil and Environmental Engineering. Actively involved in the design of the temporary lab facilities and of the new School of Engineering Buildings. Responsible for collaborating with the University Campus Development Office. Heavily engaged in the writing of the design brief of the new buildings and in the coordination of the meetings between the design team and colleagues. Presently monitoring the progress of the construction of the new buildings and acting as a liaison between the University Campus Development Office and the Department of Civil and Environmental Engineering.
- 2003-Present Department of Civil and Environmental Engineering (UCY) Laboratories Committee**
Solely responsible for organizing and setting-up the Strength of Materials, Building Materials and Geomechanics Teaching and Research Laboratories. Actively involved in obtaining equipment for Land Surveying and in setting-up the Structures Lab. Also responsible for ordering consumables, preparing annual budgets, managing expenses and for keeping an up-to-date inventory of the equipment. Participate in the preparation of exams and selection sub-committees for the appointment of technical assistants.
- 2003 School of Engineering (UCY) Information Systems Committee**
Involved in discussions and decision-making regarding software and hardware needs of the School of Engineering at the early stages of its development.

8. ESTABLISHMENT OF BILATERAL COLLABORATION AGREEMENTS & PROTOCOLS

December 2019 **Cyprus Department of Antiquities – University of Cyprus**

Initiator for the establishment of a bilateral agreement between the Cyprus Department of Antiquities (DoA) and the University of Cyprus (UCY). The agreement focuses on the scientific and technological collaboration of the participating parties, with emphasis on the contribution of the Building Materials and Ledra Labs of UCY, which I am heading, towards the quality upgrading of the DoA Monument Conservation and Restoration Sector.

January 2011 **Ministry of Interior – School of Engineering, UCY**

Involved (*together with* P. Papanastasiou, UCY) in the establishment of a bilateral agreement between the Ministry of Interior and the School of Engineering. The agreement focuses on the scientific and technological collaboration of the participating parties.

January 2007 **Cyprus Geological Survey Department – School of Engineering, UCY**

Involved (*together with* P. Papanastasiou, UCY) in the establishment of a bilateral agreement between the Geological Survey Department of Cyprus and the School of Engineering. The agreement focuses on the scientific and technological collaboration of the participating parties and it was renewed in January 2014.

9. CONSULTING

Involved in a number of consultancies for the public and private sector, in collaboration with the Building Materials and Ledra Laboratories staff and other colleagues. Activities range from routine laboratory tests and analyses to expert in-situ inspections. Total income to labs worth over €190,000. Indicative consultancies listed below.

2016-Present **UNDP Partnership for the Future**

Involved in a number of restoration projects. Responsible for material sampling and testing.

Dec 2012-13 **XRD Analyses of rock samples**

Involved in the XRD analyses of ophiolite rock samples for the Cyprus Geological Survey Department.

Jan-Mar 2012 **Restoration of Panagia Church, Kofinou** [*in collaboration with* M. Theodoridou and L. Petrou, UCY]

Involved in the restoration of this Middle Byzantine monument on behalf of the Cyprus Department of Antiquities. Activities included in-situ inspections, sampling of mortars and stone, laboratory and in-situ testing and mix design recommendations for repair mortars.

Nov 2009–10 **Aggregate Tests**

Involved in soundness tests for the Cyprus Chamber of Commerce and Industry

August 2008 **Nicosia Municipal Theatre Roof Collapse** [*in collaboration with* P. Papanastasiou and L. Petrou, UCY]

Involved in site assessment, sampling, materials testing and report-writing.

10. MEMBERSHIP OF SCIENTIFIC & PROFESSIONAL ASSOCIATIONS

2016-Present **Cypriot Society of Soil Mechanics and Geotechnical Engineering (CSSMGE)**
Member

2008-Present **Cyprus Scientific and Technical Chamber (ETEK)**
Member

2005-Present **International Union of Laboratories and Experts in Construction Materials, Systems and Structures (RILEM)**
Senior Member
