

Academic Advisors

1. General policy

The Department of English Studies highly respects the institution of the Academic Advisor, which has been introduced by the University of Cyprus for all students across the institution. Therefore, it encourages students at all levels of study to regularly get in touch with their academic advisors whenever needed, but at least during the enrolment period at the beginning of every semester. Especially 4th-year students are advised to contact their advisors to ensure that all requirements of the programme of studies are/have been met.

2. Information

More information on the institution of the Academic Advisor can be found on the webpages of the Student Welfare of the University of Cyprus. Students can see the name and contact details of their advisor through the **Bannerweb** of the University of Cyprus.
