

1.087.970 euro funding for the ERASMUS+ Mobility Programme for 2014-2015

One more success for the University of Cyprus. For the first time a university in Cyprus secures over a million Euros for the funding of the mobility of its students and staff, within the framework of the Erasmus+ Programme - Key Action 1 – Mobility of Individuals, for the academic year 2014-2015. The University of Cyprus secured 1.087.970 Euros of European funding for the mobility of 274 individuals, students for studies and placements and members of academic and administrative staff for teaching and training.

This amount of funding is considered as a recognition of the successful management of the Erasmus Programme by the University of Cyprus and is also due to the increase in the number of people that were mobile over the past years within the framework of the programme.
