

Courses Offered in English by CEE Department for Incoming Erasmus Students for Fall Semester 2023/24

Undergraduate Courses:

- CEE 199 – Introduction to Engineering Programming
- CEE 310 – Construction Management I
- CEE 442 – Prestressed Concrete¹
- CEE 460 – Transportation Engineering
- CEE 470 – Water Resource Management
- CEE 492 – Independent Study²

Graduate Courses:

- CEE 515 – Special Topics in Construction Management
- CEE 516 – Building Information Models
- CEE 526 – Finite Element Methods
- CEE 533 – Local and Traditional Building Materials
- CEE 536 – Energy Efficiency of Buildings
- CEE 545 – Nonlinear Structural Analysis
- CEE 555 – Soil Dynamics and Engineering Seismology
- CEE 560 – Advanced Transport Planning
- CEE 576 – Environmental Fluid Mechanics
- CEE 596 – Marine and Wind Energy
- CEE 650 – Independent Study²

¹ Taught in Greek; assignments, project(s), exam(s) in English.

² Under the supervision of an academic member of the CEE Department.
