

STUDY AND GRADING SYSTEM

ECTS Credits are awarded only when all required course examinations have been successfully completed. Grades are awarded using the local grading system of a score of 10 points. The local grades can then be converted following the ECTS grading system.

The undergraduate study programs consist of 240 ECTS credits, as defined in the detailed curricula of the Departments.

An undergraduate program includes three to five elective courses, outside the student's main field of study, from two or three different Schools.

For Departments that require three (3) elective courses, these must be selected from at least two (2) different Schools. For those that require four (4) or more elective courses, they must be selected from at least three (3) different Schools. The student's own School may count as one of these Schools. Elective courses offered by the Sports Council, the Language Center, and the Entrepreneurship Center will be considered as belonging to their own independent Schools. It should be noted that courses from the Entrepreneurship Center will be recognized provided there is no overlap with other courses the students are taking, and their recognition is subject to the discretion of the respective student Departments.

The number of elective courses in a specific study program is defined in the detailed curriculum. In the case of interdepartmental programs offered between two different Schools, students are allowed to take up to four (4) elective courses, provided they fulfill the total number of ECTS credits required by the curriculum. The grading system for courses is numerical, ranging from 0 to 10, in increments of 0.5. The minimum passing grade is 5.

The final grade of an undergraduate student—and consequently the classification of their degree—is calculated as the weighted average of all successfully completed courses. The classifications are as follows:

- Excellent with Distinction (9.5–10),
- Excellent (8.5–9.49),
- Very Good (6.5–8.49),
- Good (5.5–6.49), and
 - Satisfactory (5–5.49).
 - Passing Mark 5
 - Fail < 5.00

The weighting is based on the ECTS credits of each course.

University of Cyprus

THE GRADING SYSTEM

The grading system is numerical, and ranges from 0 to 10 utilizing increments of 0.5. The minimum grade for successful completion is 5.0.

The GPA is calculated on the basis of the European Credit and Accumulation System (ECTS) of all courses. In case a course is repeated, the grade considered for GPA - calculation is the most recent one.

Excellent with distinction = 9.50 - 10

Excellent = 8.50 - 9.49

Very Good = 6.50 - 8.49

Good = 5.50 - 6.49

Satisfactory = 5 - 5.49

Since the academic year 2005/06 the University of Cyprus has been applying the European Credit Transfer and Accumulation System (ECTS). One credit unit (CU) is considered equal to 25-30 hours of work load for the student.

CODES

WV	Exemption
EXC	Excellent
WD	Withdrawal
INC	Incomplete
E	Not included in the GPA
SCS/FL	Success / Fail
MSS	Success (Medical School)
MSF	Fail (Medical School)
GD	Good
VG	Very Good
TRN	Transfer Credits
I	Included in the G.P.A.
THC	Thesis Continuation

GRD	Grade
EECTS	Semester Earned ECTS
GPA	Grade Point Average
PTS	Multiplication of the ECTS by the Grade
QPTS	Quality PTS

COURSE CODES

AEF	Ancient Greek Literature
AFN	Accounting and Finance
MEDM	Precision Medicine in Clinical Practice
HRM	Human Resource Management

AGL	Linguistics
ARC	Archaeology
ARH	Architecture
BIO	Biological Sciences
BMG	Byzantine and Modern Greek Studies
BPA	Business and Public Administration
CEE	Civil and Environmental Engineering
CEN	Centre for Entrepreneurship
CHE	Chemistry
CIS	Interdepartmental Postgraduate Program School of Engineering
COU	School Counseling and Guidance
CS	Computer Science
ECE	Electrical and Computer Engineering
ECO	Economics
EDU	Education
ENG	English Studies
FES	French and European Studies
GAL	French Studies
GRS	Gender Studies
HIS	History
INT	Conference Interpretation
LAN	Foreign Languages
LAS	Language Sciences
LAT	Latin Literature
LAW	Law
MAS	Mathematics and Statistics
MBA	Master in Business Administration
MBE	Master in Business Economics
MME	Mechanical and Manufacturing Engineering
MS	Medical School
MSJ	Journalism
NGE	Natural Gas
PHIL	Philosophy
PHY	Physics
PRE	Pre-Service Teacher Training Program
PSY	Psychology
SMG	School of Modern Greek
SPO	Sports
SPS	Social and Political Sciences
TUM	Turkish and Middle Eastern Studies
9xx	Erasmus courses
BEH	Behavioural Economics
GLB	Erasmus Mundus Master's Degree in Education Policies for Global Development
DSC	Data Science-Computer Science
MAI	Artificial Intelligence
