UCY Assoc. Prof. Ioannis Krikidis Elevated to Fellow Grade by IEEE

Assoc. Prof. Ioannis Krikidis of the Department of Electrical and Computer Engineering at the University of Cyprus, has been elevated to “Fellow” grade by the Institute of Electrical and Electronics Engineers (IEEE) **for contributions to full-duplex radio and wireless-powered communications**. The IEEE is a non-profit international association advancing innovation and technological excellence in the field of electrical and electronics engineering. Today, there are more than 423,000 IEEE members in over 160 countries.

The grade of Fellow is awarded to distinguished researchers in recognition of their breakthrough and high-impact studies in any of IEEE’s designated fields of interest, and is conferred by the IEEE Board of Directors only by nomination and references of a Fellow nominator. IEEE Fellow is the highest grade of membership, and is recognized as a prestigious honor and a distinctive career achievement.

Short Bio

Dr. Ioannis Krikidis received the diploma in Computer Engineering from the Computer Engineering and Informatics Department (CEID) of the University of Patras, Greece, in 2000, and the M.Sc and Ph.D degrees from Ecole Nationale Supérieure des Telecommunications (ENST), Paris, France, in 2001 and 2005, respectively, all in electrical engineering. From 2006 to 2007 he worked, as a Post-Doctoral researcher, with ENST, Paris, France, and from 2007 to 2010 he was a Research Fellow in the School of Engineering and Electronics at the University of Edinburgh, Edinburgh, UK. He is currently an Associate Professor at the Department of Electrical and Computer Engineering, University of Cyprus, and Director of IRIDA Research Centre for Communications Technologies. His current research interests include wireless communications, cooperative networks, 4G/5G communication systems, wireless powered communications, and secrecy communications.

Dr. Krikidis serves as an Associate Editor for IEEE Transactions on Communications, IEEE Transactions on Green Communications and Networking, and IEEE Wireless Communications Letters. He has published over 180 papers in scientific journals and international conferences. He was the recipient of the Young Researcher Award from the Research Promotion Foundation, Cyprus, in 2013, as well as the recipient of the IEEE ComSoc Best Young Professional Award in Academia in 2016. He has been recognized by Thomson Reuters as an ISI Highly Cited Researcher 2017 & 2018.
